

BUILDING STRONGER COMMUNITIES

DECEMBER

JANUARY

YOUNG PEOPLE SOLUTIONS TO CLIMATE CHANGE!

In January, our colleagues from European Solidarity Corps organized a World Café where young people had a chance to share ideas and solutions on how to fight climate change on a local level. Participants had had truly interesting contributions concerning the usage of renewable energy and partnerships between different stakeholders.

“Great, just great! Really happy that I have come to this event. Congrats!”

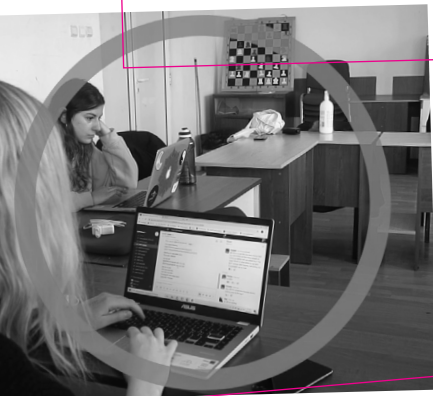

“Good, very interesting and a good alternative way to learn how to help to protect the world”

HELPING AT THE NIGHT SHELTER

In December and January, our international volunteers have also helped local night shelter in their activities. The cooperation will continue in the spring.

ONLINE ACTIVITIES AND WORKSHOPS WITH STUDENTS

YMCA Romania’s team continued to organize fun and educational activities together with Liceul Ucecom Spiru Haret and Colegiul Economic Pinteza Viteazul Cavnic. The topics discussed included volunteer work, cultural traditions and sustainable development.

OUR NEW VLOG IS OUT!

Are you interested to know what our colleagues from European Solidarity Corps have done in the past two months? Margarida has captured the best moments in a vlog.
