

BUILDING STRONGER COMMUNITIES

01.05.2021

31.05.2021

COMMUNITY LINKS

This month in collaboration with Mansio Association in Firiza we have done crafts workshops with a lot of manual work and in the most sunny days, we have been playing outside! The children have done decorations for their home with painted salt, learned many ways of using a rope and played fun games in teams when it was too sunny to be inside.

Now that we are all fully vaccinated the team is getting on the field! We are still going to Dealul Florilor every Wednesday, but now we are going presentially! Now we can say that the activities have become much more fun and appealing for the kids and for us, as we were all getting tired of the online regime. In person there are many more new games that we can try and more smiles to share.

NATIONAL VOLUNTEERING WEEK

In the National Volunteering Week Marina took the initiative to do a workshop at the Kindergarden "Otilia Cazimir". She wanted to present stories to the kids in different and more interactive ways than just reading. Therefore, she came with a light table and many figures made of paper to expressively use these materials and a dynamic voice to involve the kids. The tales were Tickle Monster by Edouard Manceau and Tomorrow by Mo Willems.

On the 12th of May Margarida gave a workshop about her country, Portugal, at the Youth Center of Baia Mare. She showed the culture of her country divided through cities and regions, the peculiarities of each place. Then, she played a game with the people in which they had to write 3 words that came to their mind when they thought of Portugal. This was intended to break eventual myths and prejudices that we can have without knowing and to get an idea of Portugal's image outside of the country. In the end, we ate portuguese food that Margarida prepared, "peixinhos da horta". We hope everyone had fun!

On the 17th of May YMCA Romania organized a collection of clothes to be donated to the people who need them the most. During Clean Your Wardrobe, people came to donate clothes that they didn't need anymore and give them better usage. Thank you to those who participated!

CLEAN YOUR WARDROBE

MID-TERM EVALUATION AND TRAINING

This Month, Margarida and Marina have done, for a week, their Mid-Term Evaluation and their Mid-Term training. This event should happen around the middle of the project and is meant not only to look back and evaluate the process so far but also to look forward to what can be improved in the future. It was mostly a reflexive week for Margarida and Marina, who are both happy and sad to acknowledge that it has already been more than half of the project.

WITH SOLIDARITY WE CAN BUILD A LOT

On the 27th of May Marine gave a workshop on her country, France! She took some aspects of the debates we have been having about cultural differences in the past and presented them in a very fun and appealing way. We shared language differences, geographical curiosities and cheese facts! Afterwards, we were all lucky to eat together a speciality from Alsace, Marine's region in France.
